

# Technology for the Future 2012 Party Sign-up Sheet

How it works:

1. Sign up to host a children's party or an adult's only party.
  - There can be more than one host per party to minimize costs.
  - The host(s) determine how many guests attend, date, location, and party details.
2. Parties will be entered into a party book that will be on display at the Technology Fundraiser at the Westlake Hyatt on March 9.
3. Attendees will purchase tickets to those parties they (or their children) would like to attend.
4. All party ticket money raised will go to Technology for the Future 2012.
5. After the fundraiser is completed, the host will receive a list of guests with contact information.
